BUILDING A DREAM...THE REFUGE

The Refuge (formerly called the healing ministry building) is so much more than a 20,000 sq. foot building. It will be a safe haven for girls and young women who have been sexually and physically abused. This spiritual “ark” will be a home where healing and restoration can take place, where love and joy can be felt and where the King puts a lot of “Humpty Dumpty’s” back together.

In the early 90’s, I, Rhonda, had a dream where Jesus walked with me through a large building. He told me that one day this building would be on the farm that He would give us. (He gave us that farm in 2007). I understood that it would be like a Noah’s ark. He also said that it would be at the heart of His Father’s farm. I woke with an insatiable desire to see God’s dream come true.

The exterior of this house of refuge has already been completed. Harvest Home now turns its attention to the construction of the interior. On August 23, we received a donation of \$373,737.37 designated for The Refuge.

The History of 3 and 7

In 1995, God began to speak to us using the number 7. Everywhere they went they saw 7’s. They began to understand that it was God’s signature, His exclamation point. After seven years, the Lord said that He was now going to speak using 3’s. The 7’s seem to disappear and 3’s appeared. Even their friends began to notice the outrageous way 3’s showed up.

Three years later, in 2006, the Lord spoke to them that He was now going to bring the 3 and the 7 together. He said, “When you see 37 or 73 you are to remember that I am faithful to *complete* that which I begin.” (Philippians 1:6) In studying scripture, they soon learned that 3 is the number that represents God and 7 means completion. God completes—*He* does it! In 2007, through the generous donations of many people, Harvest Home paid cash for Our Father’s Farm. Here are a few of the facts surrounding the purchase:

The contract was signed on **7/03/07**

Sellers voluntarily dropped the price on **7/30/07** from \$1.4 million to \$1,391,173.

Existing house on the farm: **3,370** sq. feet

Address: 1177 300 Rd. zip: 64040-9379

God continues to speak using these numbers in the latest donation of \$373,737.37...

The donor was intentional in their gift and very aware that 37 speaks of God completing what He has begun. They pointed out that there are 4-37’s in their donation. 4 is the number symbolizing the nations. They said, “This gift speaks of God completing what He has begun, which will bless the nations.” That has already happened—we’ve had people from many nations receive healing on Our Father’s Farm. The donors have asked us to extend the invitation to all of our friends to join them in making a donation using the prophetic numbers to sow into this fertile soil.

Danny and I are writing to ask you to prayerfully consider making a donation to the building fund using a combination of 3’s and 7’s as a prophetic declaration. The estimated amount needed to complete The Refuge: \$737,737.

Remember, you are not investing in just a building—you are investing in the lives of devastated girls and giving them a chance at life.

THE BUTTERFLY ACADEMY

Beginning this September, The Butterfly Academy, a boarding school for the young girls and women who live on Our Father's Farm, will officially open. At The Butterfly Academy, we will foster a safe, creative learning environment tailored for the individual strengths and needs of each student. Based on the belief that learning can be part of the healing process, our prayer is through ministering to the spirit, soul and body; girls will be transformed and set free to fulfill their destinies.

Jessica Chislett will serve as lead teacher and administrator while continuing to be house mom at The Father's House. Jessica joined Harvest Home staff in early 2011 after working as a college instructor and administrator. Her passion for the girls to be empowered by learning *with* Jesus rather than simply learning *about* Him is obvious. In addition to teaching, Jessica and her team will be helping to cultivate the unique redemptive gifts God has placed in each girl.

Sarah Butterfield will be a great asset, serving as Jessica's assistant. Sarah has given leadership to the horse ministry, and lead worship for our services at Harvest Home since 2008. She brings to our Spirit-led learning environment the gifting she has to lead people to encounter the Lord through horses and music, and we are very blessed to have her.

Both Jessica and Sarah have a servant's heart and great passion for the girls to come alive in Christ and see themselves as the treasures that God made them to be.

Using faith-based interdisciplinary curriculum, the girls will learn about their Father's world and their place in it while being encouraged to walk in excellence. While we will cover the traditional subjects, our primary focus will be to call out and highlight the unique gifts of each student placed there by God. From drama and fine art to science and literature, we will have a remarkable year. We are very excited to see how Jesus blesses and grows us all to be more like Him!

The LORD is near to the brokenhearted and saves those who are crushed in spirit. Psalm 34:18
